OCTOBER 7TH | BUSINESS After Hours
OCTOBER 10TH | SMALL BUSINESS NETWORKING LUNCH
OCTOBER 30TH | MILITARY COMMUNITY UPDATE
MESSAGE FROM THE PRESIDENT

The last quarter of the year brings with it three primary strategies for a business, stay on course, find the course or hunker down. The economy is showing signs of improvement each and every day. The housing market is moving at a nice pace and inventory is becoming the primary issue, which allows for new construction to further stimulate the market. If you are a business leader or owner and the first nine months of the year have left you in a position to stay on course, congratulations. I would encourage you to reach out to others that may be searching for the right course to finish the year strong and offer assistance, even if that is a sounding board. If your business has struggled to stay on course and despite attempts to find the right course is in a position to only hunker down and ride out the storm, don’t feel as if you are alone. The Santa Rosa County Chamber of Commerce has resources and a support network of champions to assist you in supporting your business.

Please contact the chamber office to learn more about how YOUR chamber can provide support.

In previous newsletters, I highlighted that the 2014 theme for the Santa Rosa County Chamber of Commerce is to “Get Involved”. The value of investing in the success of others is hard to comprehend, when the success of a business is directly dependent on the sweat equity placed into it by its stakeholders. Take a moment to reflect back over the nine months of 2014, I bet you would find there were some missed opportunities to patronize a fellow chamber member or keep your business within the local business community. I am a believer that fewer businesses would close and more prospective businesses would visit our region if we all supported one another.

The 2014 Santa Rosa County Chamber Golf Tournament was a great success; McKenzie Motors pulled out all the stops and committed to making the event world class. Congratulations to Lisa McKenzie and the entire McKenzie motors Team, you were successful in reaching your goal, the golf tournament exceeded all expectations and will go on record as being first in class!!!

A special thanks to Larry Strain and his incredible committee for all their hard work, the many awesome volunteers that took time out of their schedules to come support and help; and especially our sponsors and donors. Simply put, we cannot do what we do without our members – thank you!

JASON KIMBRELL | PRESIDENT

Mark your calendar now for these great networking/informative meetings & events coming in October

Would you like to make a difference in your community?
Meet new people? Have fun?

Expand your networking and knowledge? Discover how you can accomplish collectively what can be difficult and sometimes impossible to accomplish individually – experience the pride and satisfaction of helping shape Santa Rosa County’s business climate and maintaining the quality of life we all love. As a member of the Chamber, you are in partnership with more than 700 members, countless community leaders and thousands of individuals working continuously to sustain and improve the economy of our business climate; support our school system and military; educate and promote our members, and address the needs of our community.

We invite you to participate and determine which of these active forums or committees can benefit your business or help you achieve your goals. Come check us out. If we don’t have something you need, let us know and we’ll see how we can make it happen.

We’re YOUR Chamber at work for YOU!

Registration Open for 5th Annual Bras Across the Bridge

Baptist Health Care, Cox and Today’s Soft Rock 94.1 are excited to announce the 5th annual Bras Across the Bridge on Sat., Oct. 11 starting at 8 a.m. Join us on the beach side of the Bob Sikes Bridge at The Grand Marlin. Our partners for this event include The Grand Marlin Restaurant and Oyster Bar, Magic 106.1; News Talk 1370 WCOA; NASH 102.7; JET 100.7; Big Rhine, and Margaritaville Beach Hotel. Breast cancer survivors, their loved ones and the community are invited to join together to increase breast cancer awareness.

Beginning at 8 a.m., participants can park and register at The Grand Marlin on Pensacola Beach. The first 300 participants will receive a pink Bras Across the Bridge T-shirt. Participation is $20 per person plus the donation of a new bra. At 9 a.m. the crowd will make its way across the bridge with bras strung together as a show of awareness and support for the fight against breast cancer. The garments will be donated to local organizations that help women and girls in need. Funds raised will be donated to Baptist Health Care Foundations Mammogram Fund. This fund helps provide mammograms to qualified women who are not financially able to get one on their own.

Join us after the event for the Bras Across the Bridge after-party at The Grand Marlin from 9:30 a.m. until noon. The after-party celebration will include live music and a silent auction.

According to the National Cancer Institute, more than 225,000 new cases of breast cancer will be diagnosed this year nearly 40,000 will not survive. While there is no cure for breast cancer, early detection enables early treatment and increases chances for survival.

Monetary donations and event registration can be made by visiting BaptistHealthCareFoundation.org. Checks can be made payable to Baptist Health Care Foundation. For more information, contact Terry Michaels at 850.478.6011 or terry.michaels@cumulus.com.

City of Milton Fire Department to hold Open House

In conjunction with National Fire Prevention Week, October 5–11, the City of Milton Fire Department will host their fourth annual Fire Prevention Week Open House at their Fire Station at 5321 Stewart Street.

This event will feature tours of the fire station and fire apparatus, fire safety information, displays of fire safety equipment, displays from our community partners, fire safety puppet show, activities for children and lots of fun for the whole family. “We want to show off what our community offers in the way of emergency response,” said Fire Chief John E. Reble.

Contact the City of Milton Fire Department at 983-5430 for more information about this program.

NOW OPEN! Sonshine Family Farms 2014 Corn Maze!
Located at 6270 Oglesby Road, Milton.
Check out all the fun activities at www.SonshineFamilyFarms.com or follow on Facebook!
Phone: 850-336-4028

VENDOR OPPORTUNITIES – St. Mary’s Episcopal Church Annual Winter Festival
Calling all vendors and crafters to participate the St. Mary’s Episcopal Church Annual Winter Festival. The two-day bazaar is held at the historic church located at 6849 Oak Street, Milton, Fla. Day one kicks off Fri., Dec. 5, from 10 a.m. to 7:30 p.m. and coincides with the very well-attended nearby Downtown Milton Festival of Lights Celebration. Day two festivities are Sat., Dec. 6 from 10 a.m. to 2:30 p.m.

Join us for the much anticipated event to showcase your custom jewelry, woodcrafts, candles and other creative handiwork. Attendees look forward to this annual event to purchase one-of-a-kind treasures for Christmas and holiday gifts.

The Episcopal Church Women will be selling baked goods, goodies, jams, jellies and other canned goods, and the Mens Group will be grilling hamburger lunches both days.

Inside booth space is available for both days at $40. Booths outside are $20 a day or $35 for both days. Set up times for both days are from 7 to 10 a.m. Space is limited. Reserve a spot today. Electricity and tables can be purchased for $5.

For a vendor application, call Jean at 850.982.6100 or email jeanron4@yahoo.com. To reach the church directly, call 850.623.2905. Download an application by visiting stmarysmiltonfl.com.

Covenant Care Welcomes New President and CEO

The Covenant Care Board of Directors has appointed Jeff Mislevy as President and Chief Executive Officer to lead the not-for-profit healthcare organization, which includes Covenant Hospice, Covenant Alzheimer’s Services and Covenant Palliative Care.

Mislevy comes to Covenant Care from Spectrum Health Continuing Care in Grand Rapids, Michigan, where he served as President since 2011. He is a proven healthcare executive with a broad range of expertise including hospice, palliative care, private duty homecare, home health, skilled nursing facilities, inpatient rehabilitation, long term acute care, assisted living and medical equipment.

Mislevy specializes in strategic growth, competitive positioning, service excellence and high reliability performance. He strives to optimize talent and create a culture of quality that serves the most vulnerable populations.

Mislevy is a Fellow of the American College of Healthcare Executives (FACHE) and a Licensed Nursing Home Administrator (NHA) by the State of Michigan. He received his Master of Science in Allied Medicine from the Ohio State University and is a nationally recognized speaker.

Covenant Care is a not-for-profit organization dedicated to providing comprehensive, compassionate services to patients and loved ones. For more information about Covenant Care, visit www.choosecovenant.org.

Blackwater Pyrates River Clean-Up

Close to 30 pirates (and a few family members that didn’t know any better) braved portions of the Blackwater River through the Blackwater State Forest for the second River Clean-Up of 2014. Over 40 large bags of trash were turned in including a “message in a bottle” found by pyrate Rambob in a pile-up of trees and debris. Thank you to Captain Whitebeard for coordinating this event and...
to all the pirates that worked so hard throughout the day to help keep our rivers clean!

Milton Rotary Learns about Mill Site Park
Doug Lassiter of the Bagdad Waterfronts Florida Partnership is pictured receiving his “Light Up Milton” pen from Rotary president Robin Punyko. Doug gave the club an update on the Mill Site Park project and talked about the projected opening date in May of 2015. This park will be fun for all ages and will be a part of a new “blue trail” with interactive guides and many other great features. This park will be a great addition to the Bagdad area and all of Santa Rosa County. We invite you to join us on Tuesdays at Grover Ts at 12:00 so you can check out what Milton Rotary is all about.

UniHealth Post Acute Care Santa Rosa now officially
PruittHealth- Santa Rosa

PruittHealth Announces New Branding for all Service Lines

Rosa is now PruittHealth- Santa Rosa. After 45 successful years in the health care industry, UHS-Pruitt Corporation has changed its name to PruittHealth, as well as the names of its family of providers, and modified company branding to achieve a more unified image for its vast array of health care services. While the name may have changed, the quality of care and services has not. The community can expect the same quality services and commitment to caring that PruittHealth- Santa Rosa has always provided, now with a new name.

“We recognized that, as we have grown over the years and added more and more services, it became increasingly difficult to communicate to our customers that we offer an integrated model of health care and support services.” said Neil L. Pruitt, Jr., Chairman & C.E.O. of PruittHealth. “With this rebranding, we hope to eliminate confusion and strengthen our synergy. By streamlining the names of our service lines and offering a clearer picture of what we do, we are strengthening our identity. We’ve always stood for quality, and we always will. The PruittHealth brand will help us to amplify that, and clearly articulate our comprehensive model of care to our customers and referral sources.”

This rebranding campaign is visible in communities throughout the Southeast, and along with a new name, PruittHealth has a new logo and website to better represent the organization’s unique model of care and spectrum of health care services. PruittHealth- Santa Rosa looks forward to providing the same commitment to caring to the community, as well as maintaining its mission: “Our family, your family, ONE FAMILY; Committed to loving, giving, and caring; United in making a difference.”

About PruittHealth
Since 1969, PruittHealth has been providing high-quality health care services throughout the Southeast. The PruittHealth family of providers is well known for its holistic model of care, as well as its proactive performance improvement programs, and its continuous commitment to caring and to quality. The PruittHealth family includes hundreds of locations and touches the lives of more than 24,000 patients each day throughout Florida, Georgia, North Carolina, and South Carolina. Care is provided to customers through skilled nursing and rehabilitation centers, home health and hospice agencies, assisted living and independent living communities. PruittHealth also provides institutional pharmacy and medical supply services, and programs in rehabilitation, nutrition, adult day care, and care management. For more information visit PruittHealth.com.

Roller Derby – Americas Fastest Growing Sport!
Have you been to a roller derby bout yet? As the fastest growing sport in America, roller derby provides an eclectic mix of athleticism and entertainment in a family atmosphere. Your local team is Emerald Coast Roller Derby, LLC based out of Milton, FL. ECRD is a women’s flat track derby league that rolled onto the scene in 2010 and is a skater-owned and operated business. As new members of the Santa Rosa County Chamber of Commerce, ECRD is excited to have you join us in wrapping up its undefeated season. Their next game is on Saturday, September 27th at Skateland, 6056 Stewart St. in Milton. This is a double header, knock down event with Emerald Coast Roller Derby vs. Grassroots Rollergirls from Baton Rouge, and Pensacola Rollergurlz vs. Mississippi Brawl Stars from Starkville, MS. The doors open at 6:30 and the whistle blows at 7:00pm. Cost is only $10 for adults, children 6-12 are $5, and free for 5 and under. Bring the entire family, your lawn chairs, and sit on the rink floor while we bring the action to you.

How to not look like a boob in the derby world:
Derby game is called a Bout
The covers on the helmets are Panties (insert giggle here!)
Referees are called Zebras
The Non Skating Officials (NSOs) are called Flamingos since they wear Women’s Flat Track Derby Association (WFTDA) official color, pink.

Thank You Milton High School SGAA!
Riverfest 2014 Chair Margarita Vazquez presents the Milton High School SGA with a check in appreciation of their “Trash Crew” efforts during the 2014 July 4th festivities! These young adults worked hard throughout the day.
Protect Your Retirement against Market Volatility

As an investor, you’re well aware that, over the short term, the financial markets always move up and down. During your working years, you may feel that you have time to overcome this volatility. And you’d be basing these feelings on actual evidence: the longer the investment period, the greater the tendency of the markets to “smooth out” their performance. But what happens when you retire? Won’t you be more susceptible to market movements?

You may not be as vulnerable as you might think. In the first place, given our growing awareness of healthier lifestyles, you could easily spend two, or even three, decades in retirement — so your investment time frame isn’t necessarily going to be that compressed.

Nonetheless, it’s still true that time may well be a more important consideration to you during your retirement years, so you may want to be particularly vigilant about taking steps to help smooth out the effects of market volatility. Toward that end, here are a few suggestions:

• Allocate your investments among a variety of asset classes. Of course, proper asset allocation is a good investment move at any age, but when you’re retired, you want to be especially careful that you don’t “over-concentrate” your investment dollars among just a few assets. Spreading your money among a range of vehicles — stocks, bonds, certificates of deposit, government securities and so on — can help you avoid taking the full brunt of a downturn that may primarily hit just one type of investment. (Keep in mind, though, that while diversification can help reduce the effects of volatility, it can’t assure a profit or protect against loss.)

• Choose investments that have demonstrated solid performance across many market cycles. As you’ve probably heard, “past performance is no guarantee of future results,” and this is true. Nonetheless, you can help improve your outlook by owning quality investments. So when investing in stocks, choose those that have actual earnings and a track record of earnings growth. If you invest in fixed-income vehicles, pick those that are considered “investment grade.”

• Don’t make emotional decisions. At various times during your retirement, you will, in all likelihood, witness some sharp drops in the market. Try to avoid overreacting to these downturns, which will probably just be normal market “corrections.” If you can keep your emotions out of investing, you will be less likely to make moves such as selling quality investments merely because their price is temporarily down.

• Don’t try to “time” the market. You may be tempted to “take advantage” of volatility by looking for opportunities to “buy low and sell high.” In theory, this is a fine idea — but, unfortunately, no one can really predict market highs or lows. You’ll probably be better off by consistently investing the same amount of money into the same investments. Over time, this method of investing may result in lower per-share costs. However, as is the case with diversification, this type of “systematic” investing won’t guarantee a profit or protect against loss, and you’ll need to be willing to keep investing when share prices are declining.

It’s probably natural to get somewhat more apprehensive about market volatility during your retirement years. But taking the steps described above can help you navigate the sometimes-choppy waters of the financial world.

This article was written by Edward Jones for use by your local Edward Jones Financial Advisor.
Leadership Santa Rosa Class 28 gathered on Thursday, August 21, for Media Day. They began their day at the office of the Santa Rosa Economic Development Office, formerly Team Santa Rosa, where they met with representatives from local print media outlets, the Santa Rosa Press Gazette, Gulf Breeze News, and Independent News, for a question and answer session followed by a presentation by Santa Rosa County Public Information Officer, Joy Tsubooka.

The class then boarded the bus to Pensacola where they toured WEAR TV Channel 3 and got a behind the scenes look at a live news broadcast. Their next stop was Landrum Human Resources. Over lunch sponsored by Josie Cotti of Rodan and Fields, they listened to presentations by Progress and Promise, PNJ Digital, and Navarre Beach today. The final stop of the day was radio station WYCT, the home of Cat Country Radio 98.7 and News Radio 1620, the only independently owned radio station in the area.

Class 28 would like to thank Landrum Human Resources and Josie Cotti of Rodan and Fields for sponsoring Media Day.

Leadership Santa Rosa is a program of the Santa Rosa County Chamber of Commerce. Visit the Chamber’s website at www.srcchamber.com for more information.

Tiffany A. Sullivan, P.A.

Tiffany A. Sullivan, P.A. is a law firm specializing in Business Entity Law and Estate Planning / Asset Protection. The firm also represents clients in Family Law matters and general civil litigation. Tiffany Sullivan has been licensed to practice law in Florida since 2003. She is also licensed in the state of Alabama and Federal courts in both states. The law office is located at 4507 Woodbine Road, Pace, Florida, 32571 (in Cornerstone). The phone number is 889-4012 and facsimile number is 855-4081. The office is opened Monday-Thursday from 9:00 a.m until 5:00 p.m. and Friday from 9:00 until noon. For more information about the firm, you may visit www.sullivan-law.com. Or, you may call the office to schedule your free initial consultation. If you are looking to start a business or plan for the succession of your current business, it is extremely important to do things right the first time. The business entity you choose to form has the potential to affect every aspect of your businesses’ operations. We have the business law experience to help put your business on the path to success.

With the economy slowly plugging along and credit remaining tight, many are in need of options for asset protection. Asset protection means keeping your property safe from certain creditors, judgment holders, loss in the event long term care is needed. Asset protection planning must include your short term and long term financial goals as well as your estate planning goals. Asset planning must begin before a judgment creditor is on the horizon or long term care is needed to avoid fraudulent and reversible transfers. Call the office today to put your plan in effect.

Estate planning is one of the most important steps any person can take to make sure that their long term care needs are met as they age, their final property and health care wishes are honored, and that loved ones are provided for in their absence. Though often overlooked or put off in favor of more immediate concerns, a comprehensive estate plan can resolve a number of legal questions that arise whenever one needs long term care or faces death. We can explain all options available to you — whether you need to revise an existing plan or create a comprehensive estate plan from scratch.

Doc’s Discount Liquors & Courtyard Café

Doc’s Discount Liquors & Courtyard Café located in historic downtown Milton, 5198 Willing Street overlooking the beautiful Blackwater River (and yes we deliver to boats!)

Hours are Monday thru Saturday, 10:00 a.m.until midnight.

Downstairs Bar is open until 2:00 a.m.

We offer a full service package store, and 2 pool tables upstairs in addition to the Café specializing in Reubens, Cubans, French Dips, daily Soup Specials and Salads.

Under construction and opening soon will be the outdoor courtyard with seating for up to 150 guests. We offer a full service bar downstairs featuring live entertainment Fridays & Saturdays starting at 8:00 p.m. until…. (currently no cover charge). Come enjoy your favorite local bands playing everything from blues, country and good ole rock & roll!

Monday is Military Day - $1 domestic drafts & free pool
Tuesday is Crown & Down

Wednesday is ladies night from 7:00 p.m. to close; half off all drinks for ladies

Thursday is happy hour all day 50 off domestic beer & well drinks

Follow us on Facebook “Doc’s Courtyard Bar & Café” for announcements & special events.

We also offer direct TV featuring your favorite sports, games and events.

Avalon Baptist Church

Avalon Baptist Church is located at 4316 Avalon Boulevard in Milton, right in the heart of Central Santa Rosa. Our office is currently open Monday through Thursday from 9am to 2pm, but we are there more often, just stop by
Millie’s Antiques & Collectibles

Millie’s Antiques & Collectibles located at 6400 Highway 90 is close to 10,000 square feet under roof featuring approximately 100 dealers offering antiques, collectibles, shabby chic furniture, jewelry, paintings—you name it we got it (or will have it soon—so keep checking back!).

Hours are Monday thru Saturday 10:00 a.m. to 6:00 p.m. (closed Sunday).

Market Day is held each month Friday and Saturday; dealers and the public are welcome to come set-up in the parking lot “First-Come First-Serve” for only $15 for both days. Follow us on Facebook for new arrivals and announcements.

Pensacola Teen Challenge

New and exciting things are happening with Pensacola Teen Challenge, a local non-profit organization, right here in our community. Recently, the Santa Rosa County Chamber of Commerce held a ribbon cutting of Teen Challenge Super Thrift, one of their micro-enterprises located on 9th Avenue in Pensacola. Micro-enterprises is one of the facets utilized to fund the organization, which reaches out to the hopeless and provides a safe place for rehabilitation and discipleship to those with life controlling issues.

There are many ways to get involved to support this ministry. The Thrift Stores are always accepting donations at the 9th Avenue and 9 Mile locations. Along with Studio 7, they also offer complete car care at Challenge Car Care, their detail shop, located on Old Palafox Rd., and custom wood working at Crown Jewels and Crafts located on campus. If you are looking for any marketing ideas for your local business or group, you can utilize Studio 7, their screen printing micro enterprise that specializes in t-shirts and the newest addition—corrugated signs and banners.

For any additional information or details, please call (850) 453-4300. Pensacola Teen Challenge is looking forward to partnering with the Chamber to make a difference in our community.

Pastor Matthew Cotton and our fellowship wish to get the chance to know you—please let us!
The Retirement Planners

The Retirement Planners is a Registered Investment Advisor located in Pace, FL. The firm provides financial planning services for individuals, families, corporations, trusts and retirement accounts. The Retirement Planners was opened in 1992 in Missouri and was relocated to Pace, FL in 2009 when John and his wife moved down to enjoy the beautiful weather and raise their two children. The Retirement Planners specialize in wealth management, retirement & financial planning and more. We believe that pursuing your goals is a collaborative effort; choice on your part and commitment on ours. Our mission is to guide our clients in making the right decisions for their financial future. We believe that we will accomplish this through education, communication and providing services over and above the average advisor or financial firm. We offer complimentary workshops to the public on Thursday nights at our office at 4631 Chumuckla Hwy in Pace. Workshops include but are not limited to financial and retirement planning such as Estate Planning and Social Security, and entertaining workshops such as gardening and painting. For more information about The Retirement Planners you can call our office at 850-995-1999 or visit our website at www.theretirementplanners.com. Find us on Facebook at facebook.com/theretirementplanners or on Twitter at twitter.com/TRP_Financial.

Affordable Insurance Solutions Hosts Open House

Lee & Darlene Parker host an "Open House" at their new home on the 14th floor of The Presidio Yacht Club Towers in Ft. Walton Beach. Several BNI members and Chamber Ambassadors enjoyed the magnificent views of the Intra-Coastal Waterway and Gulf of Mexico beaches, as well as some great food from Grover T’s BBQ in Milton.

Lee & Darlene will remain as Chamber Ambassadors, and Lee will continue to serve on the Chamber Board of Directors.

If you need help with Individual or Group HEALTH INSURANCE - or ANY other personal insurance product - you can reach the Parker’s at 850-226-6966 or lparker@usabg.net or visit www.joinlee.net for fast, friendly and professional service.
What an incredible turnout for our first EDGE luncheon of the 2014-2015 school year.

Thank you to everyone that attended. Guest Presenter Andrea Moore, Enterprise Florida provided a very informative program on international trade and why we all need to be thinking about it.

A special thanks to Presenting Chef Paulette Martin and the Commercial Foods & Culinary Arts Students!

August Attendees:
- Amy Fisher, Turner Financial Group, Inc., Registered Investment Advisor
- Candy Schoenborn, Enterprise Florida
- Leigh Anne Weekly, Mary Kay Independent Beauty Consultant
- Larry Strain, United Bank
- Hardy Eubanks, UBX Financial Freedom

September Attendees:
- Todd Adams, Pensacola Teen Challenge
- Karen Berry, Forsyth House
- Regent Ducas, Power Web Videos
- Deron Gillespie, Pensacola Teen Challenge
- Clint Lohr, Baptist Medical Park - Nine Mile
- Debby Meyer, Emerald Coast Roller Derby
- Cathy Miller, Sunburst RV Resort, Inc.
- Charity Pottker, Emerald Coast Roller Derby
- Hardy Eubanks, UBX Financial Freedom - Chair
- Larry Strain, United Bank

Member orientation is held the third Tuesday of each month in the Chamber boardroom. New members, current members, new representatives of businesses or organizations are encouraged to attend and learn how to take advantage of the numerous benefits of membership. Promotional venues, networking, how to get more involved, increase your visibility, reach out to potential sponsors, deadlines and format for printed publications and social media, and ways to expand your network are reviewed. Make plans to join us for the next “Member Orientation”!
The Santa Rosa County Chamber of Commerce is 78 years old this year. We currently have 677 active members, 18% of which are based in Escambia County.
Your Chamber is also the official Tourist & Visitors’ Information Center for Central/North Santa Rosa County.
We operate solely on funds received from membership dues and two annual fundraisers (Leadership Awards & Installation Banquet; Chamber Golf Classic).
We only have two full-time staff persons on payroll.
As per September 16, we have answered 2,363 phone calls, assisted 850 walk-in visitors, responded to 103 requests for information or relocation packages, held 41 ribbon cuttings, and signed up 70 new members. Our website had 10,696 visitors who generated 50,936 page views.
The most interesting question this month was: “Who do I call about a boat that’s anchored near my house with no light on at night?”

TOP TEN REASONS TO SHOP LOCAL

10. Local stores are more likely to carry locally produced foods which supports local agriculture.
9. Local business owners contribute to more local fundraising and 501(c)3’s.
8. Local businesses provide a majority of jobs.
7. Local businesses support other local businesses.
6. The business community becomes reflective of this community’s unique culture.
5. The sales taxes I pay support this community and county: fixing my roads, maintaining my recreational facilities, . . .
4. Competition and diversity result in fair prices and more choices.
2. Local business owners invest in the community and have a vested interest in the future of this community.
1. My hometown is more important than a cheap pair of underwear!
Thank you to our guest presenter LCDR Greg Mouritsen, HT-28 Safety Officer Naval Air Station Whiting Field for a great presentation on our U.S. Coast Guard history and current activities. He even brought along some great “show & tell” items that accompanied some great stories. Thank you LCDR Mouritsen!

Thank you to our guest presenter LCDR Greg Mouritsen, HT-28 Safety Officer Naval Air Station Whiting Field for a great presentation on our U.S. Coast Guard history and current activities. He even brought along some great “show & tell” items that accompanied some great stories. Thank you LCDR Mouritsen!

Thank you Boo Weekly for continuing to make Santa Rosa County home of the annual Boo Weekly Golf Tournament. The annual event is entering its 13th year, with the 2015 event being held in late July at the Hidden Creek Golf Course. The Boo Weekly Golf Tournament supports many charities and is a direct investment in the lives of others. The tournament is second-to-none, with over 200 golf teams participating, top notch entertainment and a vast support network of families, friends and fans. The economic stimulus that is generated from the event is wide spread, with an estimated three quarters of a million dollars being infused into the local economy, filling up restaurants, hotels and participants enjoying everything Santa Rosa County has to offer.

There are many factors to consider when deciding the best location to host an event of this magnitude and we certainly understand that Boo Weekly makes a choice to bring this world class event each year to Santa Rosa County. It is certainly an honor and a privilege that Boo has chosen his hometown of Santa Rosa County to host the event for its third year in a row. It is our duty to work hard to rally behind event planners and supports to make the 2015 Boo Weekly Tournament the best year on record.

Proceeds benefit:
- The Boys & Girls Golf Teams at both Navarre and Milton High Schools
- Vision of Hope
- Santa Rosa Kids House
- Larry The Cable Guys “Get ‘Er Done” Foundation (helps Arnold Palmers Childrens Hospital)
- Christ Star Fish Foundation affiliated with Sacred Heart Hospital
- Paddle For A Cure
- Air Commando Association
- The First Tee of Northwest Florida

We’re proud to host this great supporter of our local economy and our youth here in Santa Rosa County and hope to have the opportunity to do so for many years to come.

Anyone interested in participating as a Sponsor or in purchasing a VIP Table may contact Toggy Pace at: ToggyPace@bellsouth.net and follow on Facebook: OfficialBooWeeklyCharity

We are proud to support.................
Dear Friends:

Pensacola Teen Challenge staff and students cordially invite you to our Annual Fundraising Banquet! We are looking forward to an awesome night of fellowship. We have a number of special events aligned for the evening. You will be hearing our Men's Choir, success stories from students, performance from our Women's Drama team and our guest speaker for the evening, Co-founder of Teen Challenge, Don Wilkerson. You don't want to miss this special night!

This year’s fundraiser will be focused on raising monies for our Student Sponsorship Program, which will help to cover a student’s cost while in the program. This year, we will have 4 different levels for you to choose from. Whichever level you choose will be making a significant impact in helping a student find freedom from addiction as well as restoration with their families. We will be providing for you a quarterly update on the student you’re sponsoring. The levels are as follows:

- **PLATINUM LEVEL** - $12,000 covers a student for 12 months
- **GOLD LEVEL** - $6,000 covers a student for 6 months
- **SILVER LEVEL** - $1,000 covers a student for 1 month
- **BRONZE LEVEL** - $500 covers a student for ½ month

If you choose to pick a level before the actual banquet, you can do so by contacting us at (850) 453-4300 and speak with Martin Tate. We also have a special project need that you can give to in addition to the Student Sponsorship Program if you so choose. The special project need will be purchasing two new vans.

The banquet is scheduled for Thursday, November 13th at 6:30 P.M., and will be held at Sanders Beach-Cornine Jones Community Center at the Grand Ballroom, located at 913 South 1 St. Pensacola FL 32502. Please mark your calendar for this wonderful night of celebration and testimonies, and join with us to help make this event a huge success. The cost for a table of 8 is $240 or $30 an individual ticket. The purchase of a table is to cover food and banquet costs only. We ask that you help us fill these tables with friends that have the heart and passion to give towards helping change a life. Please RSVP and let us know at 850.453.4300 how many tickets or table(s) you will need.

Respectfully,

Pastor Deron & Tracey Gillespie
Executive Director
The 11th annual Beaches to Woodlands Tour of Santa Rosa County will once again feature a packed schedule.

Traditionally held weekends in October, two of the events launch Sept. 27 and end Nov. 2 including the Sweet Season Farms Corn Maze, designed in two-time Masters Champion Bubba Watson’s image and the Holland Farms Pumpkin Patch and Hay Ride Fall Festival, both in northern Santa Rosa County.

The full schedule of events is available online at www.thebeachestowoodlandstour.com. Also, a schedule and map will be available at the Gulf Breeze, Navarre and Santa Rosa chamber offices.

“We announced the schedule design a few weeks ago and Bubba Watson gave us a big boost by putting out three messages on his Twitter feed,” said sixth-year tour coordinator Karen Harrell. “He has 1.2 million followers and he tagged it #bubbamaze. Many media picked it up. He also supported us on his Facebook page, which has more than 300,000 fans. We are very grateful for his support.”

The tour has added a few more events this year. A prestigious tie-down roping competition known as The American will be staged Oct. 5 at the new June Ates Arena in East Milton. The event is one of 10 regional qualifiers for a national final March 1 in Arlington, Texas with a million dollar purse. The field is expected to draw many national competitors.

Also new is the UF/IFAS West Florida Research & Education Center Fall Harvest Dinner, a farm-to-table event Oct. 24 in Jay. The popular summer series “Bands on the Blackwater” returns for one night in conjunction with the Oct. 4 Riverwalk Run 5k. That same night the Imogene Theatre will host Alfred Hitchcock’s classic movie “North by Northwest.”

Three additional runs have been added including: Oct. 12 Bridge to Bridge 5k on the Three Mile Bridge; Oct. 18 - Coastline 5k/10k and Oct. 25 - 5K Dead Pirate Glow Run/Walk. Two new events will be held at the Bagdad Museum including Oct. 11 – 50s Fling, Elvis in the House and Oct. 24-25 – Holloween Murder Mystery Dinner Show.

Signature events feature the 25th annual Jay Peanut Festival (Oct. 4-5); 8th Annual Monarch Butterfly Festival (Oct. 3-4); 32nd Annual St. Rose of Lima International Fall Festival (Oct. 10-12); 11th Annual Munson Community Heritage Festival (Oct. 11-12); West Florida Railroad Museum “Depot Days (Oct. 11) and the 14th Annual Navarre Beach Car, Truck & Bike Show (Oct. 18) headline the tour.

Other farm events Clear Creek Aquaponic Farm Tours (through Oct); the Whispering Pines Haunted Hay Rides and Christmas Tree Tagging (Oct. 11-Nov. 1).

Outdoor enthusiasts will enjoy Adventures Unlimited Fall Zipline “Leaf Change Tours” (Sept. 27-Nov. 2) and the Florida Trails Hikes (Oct. 3-4).

Anglers will enjoy the Free Fishing Clinic and Fishing Pole Giveaway at the Navarre Beach Pier (Oct. 11) and Avalon Landing Free Fishing (Sundays in October).

Sea life is the focus of the Sea Turtle Extravaganza (Oct. 11 and 25) and the Science “Spooktacular” by the Sea (Oct. 24-25). The annual Halloween event Boo at the Zoo (Oct. 18-19 and 25-26) returns this year as well.

Art events include Holley Hill Pottery and Art Studio Kiln Openings, staged each Saturday in October, a “Meet the Artist at a Special Place” (Oct. 14) and the Bagdad Plein Air Paint Out (Oct. 26). Area history is highlighted in the Arcadia Mill “Secrets of Santa Rosa: Archaeology and History in Your Backyard” series (Saturdays in October) and events at the Bagdad Village Museum (Saturdays in October).

Shoppers will enjoy the Sand Dollar Saturday & Local Marketplace (Oct. 4) and antiquing at “Ladies Night at Alyssa’s ” (Oct. 25). Readers can find bargain books at the Friends of the Milton Library Sale (Oct. 10-11). Unlimited Horizons offers its October Psychic Fair (Oct. 11).

“While the tour continues to grow and thrive,” Harrell said. “We encourage people to set aside some time in their busy schedules to slow down and join us for some fun.”

A full tour schedule and link to area accommodations are available at www.thebeachestowoodlandstour.com.
MAKE A DIFFERENCE IN OUR COMMUNITY!  
NOW ACCEPTING NOMINATIONS  
CHAMBER BOARD OF DIRECTORS

With 2014 fast coming to a close several of our current Board Members will have fulfilled their terms on the Board of Directors. Board Positions are for a 3 year term beginning January 24th, 2015 following the Annual Installation Banquet. If you are interested in serving on the Board, please forward a short bio or resume to Donna Tucker, director@srcchamber.com

The Board of Directors meets the 4th Monday of every month from 4pm to 5pm to review & discuss Chamber functions, procedures and future planning. Your input and leadership is crucial to the success and growth of our Chamber, Community and County.

If you would like more information, please call Donna at 623.2339. We invite you to become more active in the future of your Chamber and assist us in supporting our business community.

Deadline for submissions is Monday, October 27th @ 4:00 p.m.

Chambers to Host Judicial Center Meeting

On the November general election ballot voters in Santa Rosa County will have the opportunity to decide if a proposed county-wide one cent local option sales tax should be adopted to fund a new judicial center and if approved, where the new facility will be located through four ballot measures. The Santa Rosa County and Pace Chambers of Commerce will hold a special meeting for their members to learn more about the ballot measures at 8:30 on Wednesday, Oct. 8 in the board meeting room located at the Santa Rosa County Administrative Complex, 6495 Caroline Street in Milton.

The current Santa Rosa County Courthouse is located in downtown Milton. Built in 1927, the building size is no longer sufficient for all the necessary courthouse functions and the design of the building creates security issues for the public and staff. The parking, heating and cooling system, and telephone and computer network infrastructure are also no longer adequate for daily operations. A new facility that can serve our fast growing county today, and up to 75 years in the future, is needed.

Voters will be asked if they support a one percent local option sales tax for five years. Often referred to as a “one cent” sales tax, it would increase sales tax by one percent. If approved, the sales tax will be limited to five years. It would begin on Jan. 1, 2015 and end at midnight on Dec. 31, 2019.

Voters will also have the opportunity to voice their preference for where a possible new judicial facility should be built. In three non-binding referendum items, voters have the option of voting yes or no for each of the three possible locations for a new facility:

- Approximately seven acres next to the current courthouse in downtown Milton
- 15 acres on U.S. Hwy. 90 southwest of the Peter Prince Airport
- 22.56 acres on Hwy. 90 in Pea Ridge

Information on the proposed judicial center is also available online at www.santarosa.fl.gov or by clicking here. The webpage includes a timeline and answers to frequently asked questions.

Member Benefits at a Glance…

Event Promotion

We assist our members with promotion of community events (e.g. fundraisers, fairs, open house and/or grand opening ceremonies) by posting them on the marquee in front of the Chamber building on Stewart Street in Milton. This electronic billboard is passed by approximately 40,000 drivers each day!

Your event will also be listed on the Chamber web calendar, in our weekly e-mail broadcast “Chamber Weekly” to more than 1,000 recipients (deadline for submissions is every Friday, 12 noon), as well as in our printed newsletter, The Santa Rosan, which is distributed via the Santa Rosa Press Gazette and reaches more than 7,000 subscribers (deadline for submissions is the 3rd Monday of every month).

Make sure to contact us whenever you are planning an event so that we can help promote it!

Milton Garden Club Rental Facility

The Milton Garden Club facility has a gathering room suitable for an intimate gathering of friends and large enough for hosting business meetings, parties, weddings, and wedding receptions.

- Accommodates up to 125 guests with table seating
- Fully equipped kitchen
- Tables and chairs at no additional cost
- Conveniently located in downtown Milton

Rentals are available 7 days a week, for day or night events. Call for availability and rental rates. 10% discount for Chamber Members.

5256 Alabama Street, Milton, 32570  
850-626-2003

In case you haven’t already...

Santa Rosa County Legislative Coalition Judicial Center Working Group

Executive Summary

The contracted architect and engineering team has been working on this project for many years, the first presentation dating to 2000, with subsequent updated analysis and presentations in 2007 and in earnest on the current proposals since December 2011. It is our concern that the membership of the chambers of commerce and the general public are not fully informed of the site selection process, the estimated costs and other information required to make an informed decision. This paper is designed to offer a brief summary of the county courthouse selection process and unbiased analysis of the sites that are currently on the ballot. A spreadsheet with specific site criteria and costs is attached. It is important to remember that all information should be considered when making this important decision, not just site acquisition costs.

Introduction

The Santa Rosa County Legislative Coalition, a committee formed of representatives of all five County Chambers of Commerce, has identified the ongoing public discussion of the sites and costs of the proposed Santa Rosa County Judicial Center with some concern. In the interest of informing the membership of the facts surrounding the proposed judicial center, the Legislative Coalition has solicited a small group of professionals to volunteer their time and efforts to examine the proposed sites and render an unbiased, fact-based evaluation of the available options. This has been done so that the chamber membership is aware of the relevant facts, costs and efficacy of each proposed site.

The county judicial center is a huge decision with ramifications far beyond the political and vested interests of any one in the present. The judicial center is a symbol of our county, and will be a center of economic activity shaping our county going into the future. It needs to be decided objectively, with good information and with only the best interests of the entire county in mind. In short, the site of the new judicial center is a 50-75 year decision - what we decide now will be with us until the next century.

Assumptions

- Santa Rosa County has contracted with Hellmuth, Obata & Kassabaum, Inc. architects, hereafter referred to as HOK and with Hatch, Mott, McDonald engineers, for site evaluation and construction design. We have no reason to question the methodology, costs estimates or findings of either HOK or Hatch, Mott, McDonald and will presume these values to be correct unless noted in this narrative.
- Santa Rosa County has issued an RFP and has reviewed the plans and it is our belief that the requirements are for a judicial center site of approximately 9 to 12 acres to house a complex of approximately 156,690 square feet.
- The construction cost for the judicial center is estimated by HOK / Hatch Mott McDonald at approximately $34 million to $35 million at the Highway 90 and East Milton sites, exclusive of land acquisition, site work and Furniture, Fixtures & Equipment (FF&E). Construction costs for the existing Courthouse site will be higher than the other two. Cost of Furniture, Fixtures and Equipment (FF&E) is not known, but it is assumed that the FF&E cost would be similar for all sites.
- Primary funding for the judicial center to be provided by a 0.01 (1 Cent) Local Option Sales Tax (LOST) to be levied on all items subject to sales tax until such time as the cost of the judicial center design and construction has been paid back. Current estimates are that a LOST of one (1) cent in Santa Rosa County would yield approximately $10 million to $12 million per year or roughly $1,000,000 per month. It should be noted that visitors to Santa Rosa County will pay approximately 30% of the total. The current sample ballot states the LOST will be for a 5 year period of time.

Hwy 90 Acreage, Milton Crossings site.

This 22.56 acre site meets the site criteria as established by the BOCC in terms of acreage available, location to the traffic epicenter of Hwy 90 and Avalon Blvd. and access. Since this site was selected as a result of the process determined by the BOCC, HOK has done the most design work for this location and cost estimates are fairly well determined. There are no costs included in these numbers for modifications or signalization of Hwy 90. This site would contain some outparcel opportunities on Hwy 90 for future development by the county.

- Site acquisition cost $1,400,000 (as negotiated by the county)
- Site Work $2,114,818 (as announced at BOCC Meeting of 21 July, 2014)
- Construction Cost $35,000,000 (as estimated by HOK, approx. $223 per Bldg. SF)
- Total Cost $38,516,838

East Milton, Byrom property.

This privately owned site was offered to the county in May 2014 in response to a request for East Milton sites, preferably on land currently owned by the county. This site is located on Hwy 90, approx. 2.2 miles from the current courthouse location and 1.6 miles from the Hwy. 90 and Hwy. 87 intersection. The property owner has offered 15 acres in the rear of the property, containing the front portion of the parcel for his purposes. The location is currently served by Hwy. 90, which is only two lanes at this location. The design layout is not fully known for this site. It should be noted that a portion of this property is in a restricted airport flight zone. It would be prudent to make sure that the Judicial Center, if built on this site, would not impede Peter Prince Airport expansion.

- Site acquisition cost $0
- Site Work $2,895,051 (as announced at BOCC Meeting of 21 July, 2014)
- Construction Cost $35,000,000 (as estimated by HOK, approx. $223 per Bldg. SF)
- Total Cost $37,895,051

Milton, existing Courthouse site.

A group of interested citizens, led by Mayor Thompson, has presented a proposal to construct the new judicial center on property adjacent to the existing courthouse building. It is proposed that the three story building be constructed directly behind the existing courthouse. While it is certainly understandable that many citizens, particularly those vested in the interests of the City of Milton, have a strong desire to keep the courthouse in its current location there are several issues that mitigate against this site. First, the available acreage currently owned by the county is only approximately 3.6 acres. If all of the available adjacent, privately-owned parcels were purchased, the site could be expanded to only 6.3 acres, well below what has been stated to be required for the judicial center in its proposed configuration. This would necessitate building an above grade multi-story structure with structured parking in order to provide the facility with equivalent parking capacity, which would increase the construction costs. It should be noted that the costs below only provide 250 onsite parking spaces compared to 500 at the other two locations. This would also require a variance from the parking requirements of this site. The current proposal calls for the balance of needed spaces to be obtained off site. Secondly, the land parcels behind the courthouse upon which the judicial center would be constructed are all located in a flood zone according to the county Santa Rosa County GIS. The new judicial center would have to be built approximately 6'-7" above existing grade. Lastly, the costs to acquire the privately owned parcels are not known.

- Site acquisition cost Unknown
- Site Work $1,586,000 (as announced at BOCC Meeting of 21 July, 2014)
- Construction Cost $40,000,000 (unknown, but certainly higher)
- Renovation cost Unknown
- Total Cost $41,586,000 (exclusive of land acquisition)

_while we understand that the cost estimates that have been prepared to date with regard to site work are just preliminary estimates, it bears noting that the potential exists for the true cost of providing stormwater treatment may vary significantly. It is highly likely that the stormwater for the Pace and East Milton Sites will be able to be handled in a traditional open pond that can be efficiently designed with regards to depth and area to minimize costs. We believe the same does not hold true at the Milton site. It is highly likely that the Milton site will face significant obstacles to providing for the required stormwater treatment. The groundwater levels at the Milton site may cause the pond to be either a wet retention pond or a dry pond with significant under draining to remove groundwater from the pond and to provide recovery and treatment. Either option requires a significantly higher capital construction cost and future operations costs than the other sites. It is also possible that the limited space available could necessitate the construction of an underground detention system that would be even more costly to construct and maintain.

The City of Milton will pledge 50% of their LOST proceeds if the new courthouse remains in Milton. It is estimated that this will amount to approximately $375,000/year over the five years of the sales tax implementation.

It should also be noted that the latest HOK estimates assume that a three story building will be built on all three sites. A one or two story building could be built on any site except the existing courthouse site.

Much public discussion has focused on questioning the need to purchase property for this project as opposed to using land currently owned by Santa Rosa County. While this certainly would be optimal, it is apparent that the county’s long range vision for economic development which has driven land acquisition decisions has resulted in the county owning large parcels of land that are ideal for industrial entities, but not ideal locations for a county courthouse. It can also be seen that the cost of acquiring property is a very small fraction of the overall project cost. For this reason, the county is correct in pursuing sites based on the criteria established and not on the basis of county ownership. It should be noted that land acquired for the Justice Center will actually have a responsibility.

What if the Local Option Sales Tax measure is defeated? Given the rejection of the half cent infrastructure Local Option Sales Tax initiative several years ago, there is a likelihood that the One Cent (0.01) Local Option Sales Tax will not pass. Given that this is a busy and important election year with races at the local, county, state and national level, it is certain that very few candidates or elected officials will be willing to actively campaign in support of a tax increase, no matter how vital to the community. Without active, vocal and unanimous support from elected officials, highlighting the critical need and relative urgency of replacing the courthouse, it is feared that the Local Option Sales Tax referendum is destined to fail. Consideration should be given to conducting a special election in an off election year where the One Cent (0.01) Local Option Sales Tax is the sole issue to be decided. This will enable elected officials to publically support the measure with limited adverse political exposure.

The Cost of Doing Nothing

If the voters defeat a local option sales tax initiative and delay the construction of the new county judicial center, it will be seen by some as an avoidance of an unnecessary expense. However, those who take that position are clearly not aware of the potential expense of failing to shoulder this governmental responsibility.
The current facility is functionally obsolete. It does not meet the Americans with Disabilities Act compliance criteria and has ongoing security concerns and exposes the county to recurring liability risks. There have been three settlements paid by the county commissioners in the last few years because of this obsolete building failing to meet legal standards. Those settlement amounts total $825,000.00. All of those payments were made to persons who were injured in this long outdated building.

Another $2,476,604.44 has been spent on this building since 2003; which is another expense that would not have been necessary if we had a modern facility. For example, 2010 renovations cost $608,271.92.

Not only is this building unsafe for risk from a physical standpoint, it is unsafe for visitors who pass within feet or inches of inmates who may be violent offenders because there is no other way to move these inmates from holding areas to courtrooms. It is conceivable that this arrangement is unsafe for the inmates as well because victims, families and friends are within a few feet of offenders.

In addition, it has been a standing complaint for decades that some parts of the courthouse would be too cold to be comfortable in the summer time and too hot to be comfortable in the winter time, the very opposite of what you would expect. Judicial Assistants have sat shivering in July and had to bring in electric heaters to keep their feet warm under the desks. Some may remember that a circuit judge threatened to incarcerate county personnel if they failed to adjust the thermostats to more suitable temperatures. The judge was unaware of the impossibility of the demand. The HVAC system has always been ineffective and expensive to operate.

In conclusion, the current building housing the court facilities reached functional obsolescence years ago and the obvious need to replace it has been ignored because it costs money. If needs are ignored long enough, the public safety of the citizens is threatened. This is where we find ourselves at this time. The building is unsafe.

It should also be noted that when businesses are considering relocating to Santa Rosa County and visit the current Courthouse a less than favorable impression is formed. This acts to put us at a disadvantage when recruiting new businesses to the County.

Timeline
The subject of constructing a new county courthouse has been discussed for a long period of time with HOK first being retained to provide an analysis in 2000. The issue has gained momentum in recent years as the shortcomings and work-arenas at the current courthouse have become exacerbated. In the last several years, HOK has been contracted to conduct a needs assessment, propose designs and provide cost estimates for a new county judicial center. Multiple workshops, BOCC meetings and other forums have been utilized to collect input and refine the requirements. In September 2013, an RFP was drafted and reviewed to solicit prospective sites that met the stated site criteria, which included sites of within 2.5 miles of the traffic epicenter of Hwy 90 and Avalon Blvd., of approximately 12-20 acres, with good access, frontage and due consideration for infrastructure, utilities, traffic, etc.

The initial RFP was derived from a needs assessment conducted by HOK, an in-depth county staff analysis of traffic patterns, site access, infrastructure requirements and other factors. Based on that, the RFP was issued and six candidate sites meeting the criteria were examined. From these six sites, four were selected for further review. From this review, the BOCC selected the parcel located on Hwy. 90 in Pea Ridge. This 45 acre parcel is owned by Charter Bank and under contract for sale to Milton Crossings, LLC. In March 2014, HOK and Hatch, Mott McDonald then prepared four proposed site layouts for the BOCC to review and the needs assessments was reviewed, with all parties agreeing that the final requirement will be for a judicial center of 156,669 SF.

At this point, the BOCC was forced to address concerns that the new judicial center was being proposed on sites to be acquired and not land currently owned by the county. Rather than address the issue and explain that the majority of county owned land is located in East Milton and procured with the intent for industrial and commercial development and was inappropriate for locating the county judicial center, the BOCC agreed to task HOK to examine several sites in East Milton and develop another design plan and cost estimates. The BOCC also agreed to add a location preference to the November ballot in addition to the Local Option Sales Tax proposal. In addition to selecting if they support a local option sales tax to fund a new judicial center, voters will have the option of voicing their preference for the U.S. Hwy. 90 property or property already owned by the county in East Milton. Of note, none of the East Milton sites meet the site criteria previously established by the BOCC.

In March 2014, the county entered into a contingent contract with Milton Crossings, LLC for the 22.56 acre site on Hwy. 90. The contract allows the county to cancel the sale up to November 21, 2014, presumably to allow for cancellation in the event the proposed one (1) cent local option sales tax measure is not adopted.

In April, the BOCC discussed county owned sites and other properties located in East Milton and conducted a workshop to discuss possible East Milton locations.

In May, the BOCC voted to select the property owned by William H. Byrom located on U.S. Hwy. 90 southwest of the Peter Prince Airport as the East Milton location to be placed on the November ballot. The owner has offered the rear 15 acres of this 47 acre parcel to the county at no cost. It should be noted that at this time we are unaware that a contract exists between Mr. Byrom and the BOCC. If this is the case, negotiation of the terms of this agreement should begin immediately.

On May 27th, the City of Milton made a presentation to the BOCC, proposing that the existing courthouse site and adjacent parcels be included in the discussion. In June, 2014, the BOCC voted to add the current courthouse site to the November ballot and directed HOK to develop design plans and cost estimates for the downtown Milton location.

The BOCC has gone from having contracted with subject matter experts to assess and refine their requirements, analyze prospective locations that met the stated criteria, objectively selected a single site, entered into a contract for that site, reviewed proposed building layouts and cost estimates; to now including the existing courthouse location and a privately owned East Milton location and having the voters decide not only the sales tax proposal, but also choose their preferred site.

Senior Emergency Services.

Only at West Florida Hospital.

- Specially trained staff to care for seniors
- State-of-the-art cardiac monitoring
- Hearing and visual assistance
- Senior-friendly amenities
- Skid-resistant flooring

The Emergency Department at West Florida Hospital is proud to introduce our newest service directed at taking care of the community’s older adults. Given the growth in elderly populations, changes in geriatric patient care will impact every level of health care delivery. By addressing those needs in the emergency setting, we can dramatically improve the transition back to home or other health care setting, minimize emergency room “bounce-back,” and better prepare caregivers.
